

SILVERCREST
ASSET MANAGEMENT GROUP

To Whom It May Concern—

I am writing to endorse and express my sincere support for Peter Finnerty and his next career pursuit. It's my pleasure to recommend him for a variety of paths within the financial services, consulting or business services industries.

I was first introduced to Peter during his 2016 summer internship with Silvercrest Asset Management Group. Though he operated out of our New York headquarters, it felt like he was part of our team in Richmond, VA. Peter wore a lot of hats during his three months with Silvercrest and tackled multiple projects for multiple groups. The Richmond team joined Silvercrest in 2014 and brought with it a multi-strategy hedge fund. Peter was instrumental in helping archive hedge fund and investor source data into a centralized data base. Further, he created programming focused on performance reporting and additional analytics. His work has directly enhanced and streamlined our fund's performance reporting and we've been able to build on the foundation he was able to establish.

Peter is a fast learner, and I was initially impressed with his ability to quickly understand a complex project and distill the actionable steps necessary to resolve the issues. However, Peter went on to demonstrate remarkable technical and soft skills. Technically, his work was sound, clear, and accurate. More importantly, Peter was a great communicator, met his deadlines, and gracefully balanced multiple firm projects for multiple teams. In this day and age, working remotely and with multiple teams is becoming more ubiquitous; although, it can also be quite challenging. Fortunately for Peter, he possesses the skill set, character, and drive necessary to succeed in host of different business environments.

As a dedicated and versatile employee, I know that Peter will be a beneficial addition to any organization. Please feel free to contact me should you like to discuss Peter's qualifications and experience further. I'd be happy to expand on my recommendation.

Sincerely,

Guyon McKnight
Assistant Vice President
